Below are some guiding questions to help you engage with the film, make connections, and dig deeper into the topic. Start by **THINK**ing critically as you watch, **REFLECT** on key ideas afterward, and explore further through **RESEARCH** and related resources.

As you watch, THINK...

- Which country launched the first satellite into space?
- When did the US launch its first spy satellite mission?

After you watch, REFLECT...

- What types of information do you think spy satellites are collecting?
- What are the ethical considerations surrounding the use of spy satellites?

After you watch, RESEARCH...

- How have the capabilities of spy satellites evolved over time?
- How did the use of spy satellites impact the Cold War?
